We are most grateful to **The Bank of East Asia, Limited**  
for their support to our Young Harpist Development Program

Their generosity enables more talented harpists to study and perform the harp, and to contribute back to the community that gives them development opportunities.

\* Kick-off Cocktail - Beneficiary update of the use-of-fund (charity proceeds of HarpFest 2006) and announcement of the establishment of the first charitable organization for young harpist development in Hong Kong

\*\* Over 100 harpists and players of other instruments joined the Charity Harp Marathon 2006, which enabled the beneficiary, Evangelical Lutheran Church of Hong Kong, to establish the first Music Therapy Treatment Program for elderly citizens in Hong Kong. We welcome vocalists, players of all instruments and musicians to perform with the harp and to raise funds for charity at the upcoming charity harp marathon 2007. [Please contact us for participation details](#)

\*\*\* Please look out for the final announcement of the participants and program details from the Harbour City and from the Hong Kong Harp Chamber in early Mar 07
